

GERMANY'S ARMED FORCES.

ACTION BY MARSHAL FOCH.

PARIS, Dec. 1.—At this afternoon's meeting of the Supreme Council, a resolution, moved by Marshal Foch, that the German delegation should be required to suppress the military organization which was known to have been formed in violation of the terms of the Treaty was after a short discussion adopted.

It was decided to instruct the Drafting Committee to draw up, in consultation with its naval advisers, a reply to the German Note which repudiates responsibility for the destruction of the German fleet at Scapa Flow.—*Reuter.*

WAR PRISONERS HIDDEN IN GERMANY.

PARIS, Dec. 1.—A telegram from Dijon to the *Presse de Paris* reports the arrival there of a volunteer of the 1920 class, named Louis Boucher, who had been a prisoner in Germany and had been sentenced to 10 years' imprisonment for attempting to escape. He was discovered in prison at Danzig as the result of investigations made by a commission of French officers.

Six other French soldiers, it is reported, were also found. All of them were unaware of the fact that peace had been concluded.—*Reuter.*

FIFTY PROFITEERS ARRESTED.

PARIS, Nov. 30.—A message from Draguignan states that some 50 individuals have been arrested between Fréjus and Saint-Raphael for having banded together to run up the prices of military stores which were being sold from the camps of Fréjus, Saint-Raphael, and Puget-sur-Argens. It took three brigades of gendarmes and a company of Senegalese riflemen to carry out such a wholesale round-up.—*Reuter.*
