 - b. A list of two letter Tactical Air Navigation (TACAN) Identifiers assigned to TACAN-equipped military ships.
 - c. A limited listing of Interim two letter TACAN identifiers assigned to fixed and land mobile beacons pending assignment of three letter identifiers. These identifiers are listed in ACP 113 for record keeping purposes and to avoid duplication of assignments pending allocation of three-letter identifiers.
 - d. A list of Task Forces and their allocations.
3. ACP 113(AG) has been prepared as follows:
 - a. Decode
Section 1 – Alphabetically by International Call Sign.
Section 2 – Alphabetically by TACAN Identifiers.
 - b. Encode
Section 3 – Indefinite and Collective Call Signs for ships and ocean stations.
Section 4 – Indefinite and Collective Call Signs for merchant ships.
Section 5 – (and sub sequent Sections) – National sections arranged alphabetically by nation, with ships in each section listed alphabetically. Certain national sections are divided into sub-sections, listing ships by service and/or by name and class. Ships and fixed and land mobile beacons assigned TACAN Identifiers are listed alphabetically at the end of each national “NAVAL SHIPS (By Name),” or as the last sub-section of each national section.

Annex A – A listing of Task Forces and their allocation.

Annex B – Decoding of Visual Callsigns allocated to ships, and certain authorities of European NATO Countries and the Countries of the British Commonwealth of Nations (except Canada).
4. Following universal maritime practice, ships are listed in the Encode Sections alphabetically by first name, word, or initial.
