

INSTALLATION  
ARTICLES REQUIRED FOR INSTALLATION

11. These are listed as a number of tables:-

Table 1. This lists the quantities of the main equipment articles, according to whether the whole equipment, or only certain portions, are required, and according to their physical arrangement, for use ashore.

Tables 2 and 3. These are alternative additional lists to Table 1, for cases of "No remote control", and "Remote control into the Admiralty KH series systems".

Table 4. This lists additions to Table 1 for sea installations for anti-shock mounting.

Table 5. This lists articles required for A.C. Supply Outfit DWH, ashore, or afloat.

Tables 6 and 7. Details of these for Outfits DWJ and DWK are similar to Table 5, but full details are still dependent upon Admiralty decisions.
